## WHY YOU SHOULD WEAR A SEATBELT

- **CRASH FACT:** 80% of crash accidents result in serious injury when a seatbelt is **NOT** worn.
- Putting on a seatbelt takes less time than the trip to the emergency ward.
- It's just common sense - You do it in your car - Why not on the job?

*If it has a seatbelt - USE IT!*

**THINK SAFETY!**  
**Buckle Up!**
